RE: **Advisory Board Meeting—April 8, 1:30 pm**  
Conference Call – Board Office

Larry Chesini has called a Conference Call meeting for the Advisory Board at the above time. The purpose of the meeting is to review the Board's decision on supporting the 2010 summer USDBC meeting in Hawaii. After further reflection on the state of the economy and how this trip to Hawaii might be looked upon by our industry members, Chesini is asking the Board to reconsider its support, especially in light of further information he will provide the meeting. The minutes of the Annual Board meeting will be mailed prior to the conference call meeting for your review.

Although this is a conference call meeting and not the normal practice of the Board, this meeting should be viewed as you would normally approach a Board meeting and your participation is important. Please contact the Board office with your response by either phone or email so we can prepare accordingly. Along with this notice you will find the Board roster and possible locations for public access.

The Call in number: 888-827-4950

After you dial in you will prompted to dial this passcode 683687#
